Adenomas, parathyroid, without clinical evidence of hyperthyroidism, 651
Aminopeptidase activity, elevated serum leucine: clinical significance in pancreatic carcinoma, 771
Anastomosis, Billroth I, critical evaluation of 100 partial gastrectomies with, 695
Anesthesia for adrenal surgery, 227
Local, in general surgery, use of, 461
Anemic child, preoperative evaluation of the, 660
Aneurysm, arteriosclerotic, successful surgical repair of abdominal aortic vena caval fistula caused by rupture of an, 532
Aortic, multiple healed dissecting: review of literature and case report, 145
Thoraco-abdominal, retrograde collateral perfusion of the abdominal viscera during excision of, 75
Primary, mycotic, review and report of a case, 863
Aorta, kinking of the, 65
Appendicitis, acute, under age two, 92
Arrest, acute circulatory: clinical experience with 51 cases of cardiac arrest and massage, 7
Arteriography, coronary, experimental methods, 874
Retrograde, renal, clinical experience with, in hypertension, 107
Artery, banding, pumonary, in infants with congenital heart disease other than ventricular septal defect, 160
Cystic, infarcting of the gallbladder: report of a case caused by arteriosclerotic occlusion of the, 549
External carotid, retrograde catheterization of the, via the superficial temporal artery for the treatment of head and neck malignancies by continuous intra-arterial infusion, 265
Injury, unilateral renal, malignant hypertension due to, case report, 138
Surgery, aortic and renal, I^{131} Ortho-iodohippuric acid renograms in the differential diagnosis of renal insufficiency following, 317
Arthritis, rheumatoid, the hand in, 403
Arthrodesis of the knee joint using a long intramedullary nail, 387
Atherogenesis, segmental experimental, effect of 20% cholesterol diet on, 438
Atresia, congenital, of the colon, 699
Congenital, of the esophagus, 166
A-V syndromes: present concepts of surgical treatment, 216

Back, disability of the, 201
Biliary tract, choledochoscopy: direct visualization of the, at operation, 731
Complicated lesions of the, 347
Disease, 823
Blood, circulating, a quantitative clinical and pathologic study of malignant cells in, 383
Volume changes, importance of, in acute pancreatitis, 605
Book reviews, 74, 149, 392, 514, 746, 834
Bronchoscopy, transtracheal injection as an adjunct to, 142
Burn, extensive, severe, treated with enzymatic debridement and microdermagrafting: case report, 61

Calvaria, tumor-like lesions of the, 247
Cancer, breast: therapeutic dilemma, 283
Of the breast, the challenge of the biologic aspects of, 304
Carcinoma, bilary tract: review of a series and report of an unusual case, 471
Bronchogenic, in the young: squamous cell carcinoma in a 16-year-old boy, 26
Further observations on the multicentric origin of, of the female anogenital tract, 793
Of the breast in pregnancy and lactation, 509
Of the extrahepatic biliary system, 719
Of the male breast: experience at Hartford Hospital, 1930-1960, 133
Pancreatic, elevated serum leucine aminopeptidase activity: clinical significance in, 771
Report of a long-time survival of a patient with two primary, of the small bowel, 887
Stomach, of the, in this country and the orient, 454
Cardiac arrest, nonsurgical treatment of, 97
Cardiopulmonary bypass, successful, in the dog, 591
Catheterization, retrograde, of the external carotid artery via the superficial temporal artery for the treatment of head and neck malignancies by continuous intra-arterial infusion, 265
Cells, cancer, dissemination of, during surgical curretage, 206
Malignant, a quantitative clinical and pathologic study of, in circulating blood, 383
Cervical syndrome, chronic, 598

Cholecystitis, the value of certain studies in diagnosis of and cholithiasis, 151
Choledochoscopy: direct visualization of the biliary tract at operation, 731
Colon, acute, volvulus of the, 78
Benign, solitary ulcers of the, 557
Congenital atresia of the, 699
Diverticulitis of the, earlier resection in one stage for, 337
Perforations in the new born, 835
Villous tumor of the, and rectum, 413
Cysts, adrenal, 52
Epidermoid, calcified, of the spleen, 613
Cystectomy, pilonidal, open *vs* closed technic, 624
Cytology, office, 212

Debridement, enzymatic, extensive severe burn treated with, and micrografting: case report, 61
Dermatofibrosarcoma protuberans, metastasizing: report of two cases, 879
Dextrans of low molecular weight, experimental study of the antithrombotic properties of, 256
Dirofilaria immitis infestation in dogs: its importance in interpretation of experimental data, 242
Disease, cystic duct: correlation with pathology of the excised gallbladder, 56
Diverticula, epiphrenic, surgical treatment of, of the esophagus, 643
Multiple large jejunal, with severe hemorrhage, 841
Dumping syndrome, reversed intestinal segments and their effects upon gastro-intestinal motility, nutrition and the, following subtotal gastrectomy in dogs, 356
Dudenal obstruction, congenital, 506
Duodenal ulcer, acute perforated, vagotomy and pyloroplasty for, 692
Duodenum, primary malignant neoplasms of the: report of 12 cases, 405
Spontaneous rupture of the stomach and, in a patient with a brain tumor, report of a case, 23

Electrode, intracardiac, percutaneous insertion of an, in the treatment of complete heart block, 553
Embolectomy, delayed arterial, 129
Enteritis, regional, surgical treatment of, 768
Epididymitis, postprostatectomy, 126
Esophagitis, peptic, hiatal hernia and, 779
Esophagus, congenital atresia of the, 166
Epiphrenic diverticula of the, surgical treatment of, 643

Fat absorption studies, pre- and postoperative, 563
Fistula, abdominal aortic-vena caval, successful surgical repair of, caused by rupture of an arteriosclerotic aneurysm, 532
5-Fluorouracil, evaluation of, in surgical practice, 683
Football, analysis of injuries after playing, among high school and college players, 830
Fractures, of the hand, management of, 277
Open recuction of, why and when, 785
Pelvic, urinary tract complications of, 424

Gallbladder, excised, cystic duct disease: correlation and pathology of the, 56
Infarction of the: report of a case caused by arteriosclerotic occlusion of the cystic artery, 549
Traumatic rupture of the, 155
Gas deficiency, nonobstructive intestinal, in infants, 233
Gastrectomy, subtotal, for bleeding peptic ulcer, 114
Critical evaluation of 100 partial, with Billroth I anastomosis, 695
Subtotal, reversed intestinal segments and their effects upon gastro-intestinal motility, nutrition and the dumping syndrome following, in dogs, 356
Gastric surgery, trends, in, 579
Gastritis, atrophic, role of vagus nerve in experimental production of, 183
Gastrostomy, use of temporary, 799
Genitalia, internal, inguinal hernia of the, in female infants and children, 446
Gland, parotid, surgical treatment of lesions of the, 371
Goiters, intrathoracic, 499
Grafts, prosthetic arterial, analysis of preclotting technics for, 179
Strut bone, use of the, 186

Hashimoto disease, 104
Heart block, complete, percutaneous insertion of an intracardiac electrode in the treatment of, 553
Heart defects, congenital, pulmonary artery banding in infants with, other than ventricular septal defect, 160
Hemorrhage, multiple, large jejunal diverticula with severe, 841
Pulmonary, causes and management, 1 Upper gastro-intestinal, following apparently unrelated trauma, 287
Hernia, esophageal hiatus, and associated intra-abdominal pathology, 708
Esophageal hiatal, rational surgical management of, 418

Hiatal, and peptic esophagitis, 779
Inguinal, of the internal genitalia in female infants and children, 446
Muscle: 20 person observations, 483
Umbilical, producing spontaneous ileostomy, 70
Unusual, incarcerated, groin, 273
Hydrocortisone, aberrations produced in healing regenerating tissue by exogenously administered testosterone and methandrostenolone, 859
Hyperparathyroid crisis: a surgical emergency, 761
Hyperthyroidism, parathyroid adenomas without clinical evidence of, 651
Hypertension, clinical experience with retrograde renal arteriography in, 107
Malignant, due to unilateral renal artery injury: case report, 138
Portal, in infants and children, surgical treatment of, 421
Hypothermia, effect of, on experimental hemorrhagic pancreatitis, 399
Hysterectomy, cesarean: analysis of 61 cases, 385
Hytrast, evaluation of, as a bronchographic medium, 491

Ileostomy, spontaneous, umbilical hernia producing, 70
Ileum, wounds of the jejunum and, 630
Infants, nonobstructive intestinal gas deficiency in, 233
Infarction, acute myocardial, during operations, 635
Infusion, continuous, intra-arterial, retrograde catheterization of external carotid artery via the superficial temporal artery for the treatment of head and neck malignancies by, 265
Technics, region intra-arterial, a method for selective tissue oxygenation utilizing, 496
Injections, intragluteal, applied anatomy of, 236
Intestine, small benign and malignant tumors of the, 268
Intussusception, pediatric, the malignant nature of, secondary to specific etiologic lesions, 667

Jaundice in the postoperative period, 111
Jejunum, wounds of the, and ileum, 630

Lactation, carcinoma of breast in pregnancy and, 509
Laminectomy, denervation of the sacrospinalis muscle after, 740
Lesions, extracardiac, cardiac ventriculography: its use in the diagnosis of, 86
Leukemia, surgery in patients with, and lymphoma
Lymphangiography in children, 479
Lymphomas, localized, intrathoracic, 457
Malignancy, multiple primary genital, 542
Mannitol, prophylaxis with, oliguria and renal failure in abdominal aortic surgery, 713
Mastectomy, bilaterial, simple, surgical technic, 854
Meconium ileus with volvulus and meconium peritonitis, 900
Melanoma, malignant, surgical management of, 515
Microdermagrafting, extensive severe burn treated with enzymatic debridement and: case report, 961
Muscle tendon unit, injuries to the, 190

Neoplasms, primary malignant, of the duodenum: report of twelve cases, 405
Nerves, median, tumors of the ulnar and, 442
Vagus, role of, in experimental production of atrophic gastritis, 183
Nitrogen mustard, renal homotransplantation: combined effects of BW57-322 and whole blood transfusion in homografted dogs, 724

Occlusion, arterioscleotic, of the cystic artery, infarction of the gallbladder: report of a case caused by, 549
Temporary coronary artery, tissue necrosis after, 617
Oklahoma, University of, Medical Center: forward, 151
Oliguria and renal failure in abdominal aortic surgery: prophylaxis with mannitol, 713
Omphalocele, an unusual complication associated with, 611
Oxygenators, disc for extracorporeal perfusion systems, 586
Oxygenation, selective tissue, a method for, utilizing regional intra-arterial infusion technics, 496

Pancreas, ulcerogenic tumor of the, 751
Pancreatitis, acute, importance of blood volume changes in, 605
Calcific, surgical palliation of, 521
Experimental hemorrhagic, effect of hypothermia on, 399
Patient isolation, psychological considerations in, on a general surgical service, editorial, 907
Penis, double: report of a case with surgical management, 555
Peptic ulcer, perforations and complications, 620
Perfusion, retrograde collateral, of the abdominal viscera during excision of thoraco-abdominal aneurysm, 75
Peritonitis, treatment and current status of tuberculosis, 850
Pharynx, teratomes of the, 219

Pneumothorax, spontaneous, experience with 50 cases, 525
Poluposis, congenital, familial, of the gastrointestinal tract, 639
Pregnancy, carcinoma of the breast in, and lactation, 509
Presidential address, 299
Pseudoarthrosis, congenital, of the tibia, 891
Pyloroplasty, vagotomy and, for acute perforated duodenal ulcer, 692

Radioactive gas, use of, in the detection of left-to-right intracardiac shunts, 774
Rectum, methods of approach to low lying lesions in the, 393
The, and vagina as routes of removal of displaced or wandering hip nails, 905
Villous tumors of the colon and, 413
Reflux, prevention of, following esophageal resection: a new method—preliminary report, 465
Resection, abdomino-perineal, the urological complications of, 826
Esophageal, prevention of reflux following: a new method—preliminary report, 465
Rupture, spontaneous, of the stomach and duodenum in a patient with a brain tumor: case report, 23
Separation of the cervical trachea as a result of blunt trauma, 529
Traumatic, of the urinary bladder, 737

Sarcomas, soft tissue, in children and adults: a study of 85 cases, 811
Shock, a unified theory of, 292
Sinus, pilonidal, treatment of, surgical and etiological considerations, editorial, 649
Spleen, calcified epidermoid cyst of the, 613
Surgical trauma to the, 710
Stenosis, pulmonic, right ventricular pulmonary arterial pressure gradient in, 261
Stomach, carcinoma of the, in this country and the orient, 454
Spontaneous rupture of the, and duodenum in a patient with a brain tumor: report of a case, 23
Surgical assistant, the, editorial, 72
Surgical education, the hospital in, editorial, 647

Thrombosis, iliofemoral venous, experimental studies on, 567
Venuous, electric monitor to detect early, in extremities, 589
Tibia, congenital pseudoarthosis of the, 891
Transfusion, problem in the single unit, 581
Trauma, blunt, rupture-separation of cervical trachea as a result of, 529
T-Tube, use of the, in difficult duodenal stump closures: report of 77 cases, 803
Tumors, benign and malignant, of the small intestine, 268
Benign and malignant carotid body, surgical treatment of: clinical experience with 16 tumors in 12 patients, 429
Brain, spontaneous rupture of the stomach and duodenum in a patient with a: case report, 23
Ulcerogenic, of the pancreas, 751
Villous, of the colon and rectum, 413

Ulcer, acute perforated duodenal, vagotomy and pyloroplasty for, 692
Benign solitary, of the colon, 557
Bleeding peptic, subtotal gastrectomy for, 114
Peptic, choice of operation for, 17
Peptic, perforations and complications, 620
Ulceration, peptic, associated with multiple endocrinologic abnormalities: case report with review of the literature, 117

Vagina, the rectum and, as routes of removal of displaced or wandering hip nails, 905
Vagotomy, complications of, 99
and pyloroplasty for acute perforated duodenal ulcer, 692
Vasopressor therapy, use and abuse of, 374
Ventilation, assisted, for the postoperative cardiovascular patient, 536
Ventriculography, cardiac: its use in diagnosis of extracardiac lesions, 86
Viscera, abdominal, retrograde collateral perfusion of the, during excision of the thoracoabdominal aneurysm, 75
Volvulus, acute, of the colon, 78
Meconium ileus with, and meconium peritonitis, 900
Small and large bowel, preoperative diagnosis of, 703

Wounds, open skin, in animals, metabolic parameters in the healing of, 325
Open skin, in animals, metabolic responses in skeletal muscle and connective tissues to, 48
